

OVA PIPE $\varnothing 160$ mm/ $\varnothing 200$ mm

The pipe is an element of the OVA PIPE ventilation duct system made of EPP.

- Made of expanded polypropylene
- High thermal and acoustic insulation
- High chemical and mechanical resistance
- Low pressure loss
- Two-element construction for easy transport and storage
- Cutting marks
- No need for specialized tools

Inner diameter \varnothing	Height h	Wall thickness	Material	Weight	Box	Lambda λ	U Value
160 mm	1475 mm	25 mm	Expanded polypropylene	640 g	55 pcs	0,039	1,56
200 mm	1475 mm	25 mm	Expanded polypropylene	780 g	42 pcs	0,039	1,56
